

REPORT ON VOLLEYBALL SKILLS CLINICS

We have had 3 clinics for divisions 7 & 8:

Dec. 10 in Evergreen with 14 participants.

Jan. 13 in Longmont with 12 participants

Jan. 20 in Erie with 11 participants

The feedback has been good and we enjoy teaching the basics skill drills: passing, setting, hitting and serving.

This is one of the services through CSVA that is available to all divisions with Bruce Emo as the clinician for the upper divisions. The clinics are free and we only ask that the team(s) find the facility and agree upon a time.

Feel free to call either Adele (303-263-1691) or PJ ([303-513-9624](tel:303-513-9624)) for further information about the volleyball clinics in your area.
